

BRYCE A. TURNER, FAIA

PRESIDENT | CEO

REGISTRATION

- National Council of Architectural Registration Boards (NCARB)

PROFESSIONAL EXPERIENCE

Bryce Turner is a fellow of the American Institute of Architects and President/CEO of BCT Architects and DDG; both design and architecture firms headquartered in Baltimore, MD. A registered architect in twenty U.S. states, he has directed the design of projects in five countries within Europe, North America, Africa and Asia. Bryce is passionate about researching trends that impact commercial real estate and their influence on design and planning. Bryce frequently testifies before public commissions and agencies regarding the merits of the firm's mixed-use projects, and as a result is a major force in assisting clients and obtaining entitlements. Prior to joining BCT, Bryce was a Vice President with Development Design Group (DDG) - Baltimore.
